

The Kitchen

Maria Magnani

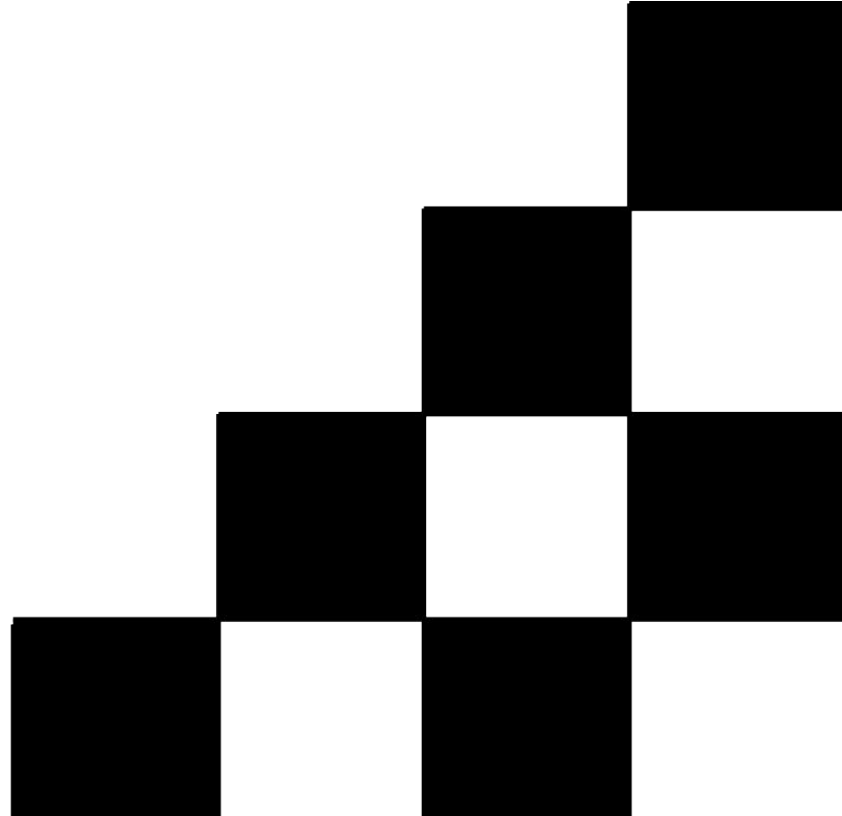

OBVIOUS FUNCTIONS

- Cooking
- Boil food
- Cut food
- Peel food
- Make coffee or tea
- Baking
- Drink
- Eat
- Fill Water Bottle
- Heat up food
- Throw away food
- Feed the dog

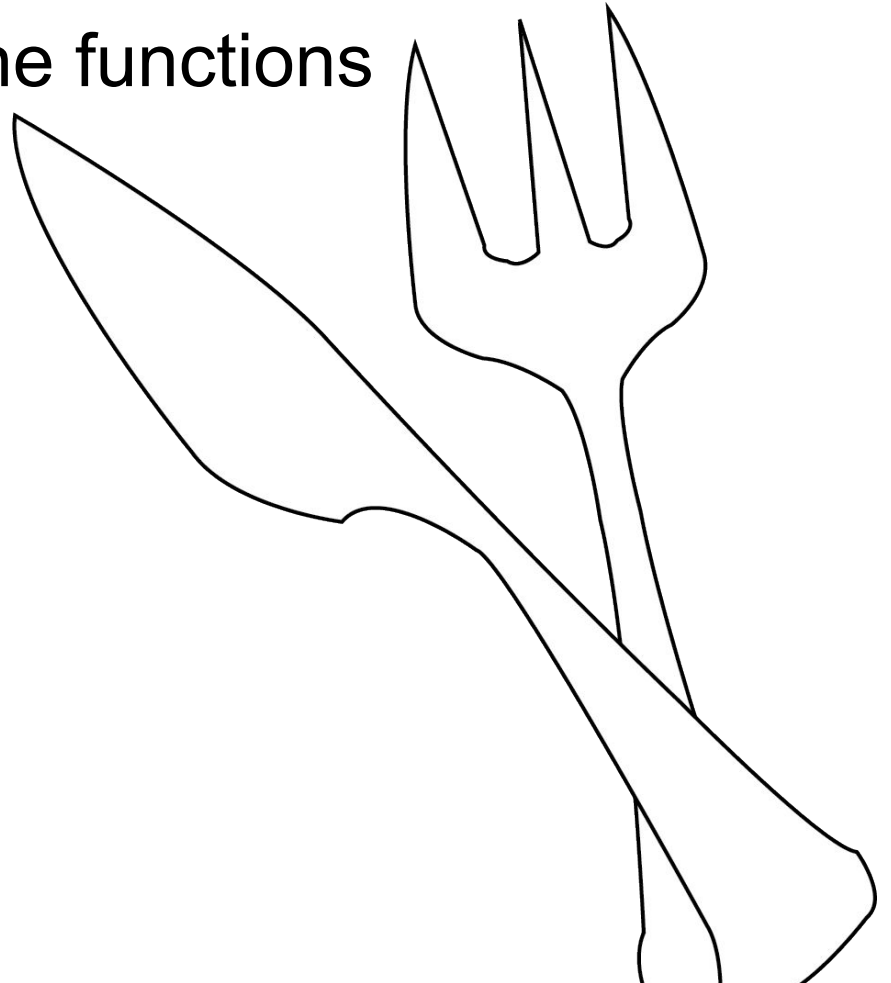

ALTERNATIVE FUNCTIONS

- Clean
- Bake crafts
- Paint
- Decorate
- Store dishes and glasses

Procedures to carry out the functions

The way the kitchen is built into the space and on one wall only forces the user to be standing up, facing the kitchen, and move from side to side to carry out any of the functions mentioned before. The only two functions that require different procedures are baking and storing dishes as the user may need to bend down to reach for the cabinets or the oven.

Documenting the Kitchen
